

**Alison Wilkinson - Chief of Weights and Measures | Maryland Department of Agriculture**

Alison is the Chief of Maryland Department of Agriculture, Weights and Measures. Before this role, she was previously the Assistant Chief and managed the Liquid Measuring Device program. Wilkinson began her career as a registered service technician for LPG and vehicle tank meters, registered with Weights and Measures in multiple states. She decided to leave the private sector in 2018 and join MDA Weights and Measures as an inspector. Quickly advancing in her career, Wilkinson became the first female vehicle scale inspector for MDA Weights and Measures before transitioning into the office in April of 2022.
