N C W M PUBLICATION

FOR THE 104th ANNUAL MEETING

Milwaukee, Wisconsin / July 14-18, 2019

Prepared in Cooperation with the National Conference on Weights and Measures, National Type Evaluation Program, National Institute of Standards and Technology Office of Weights and Measures, Central Weights and Measures Association, Northeastern Weights and Measures Association, Southern Weights and Measures Association and Western Weights and Measures Association

National Institute of Standards and Technology U.S. Department of Commerce

National Conference on Weights and Measures Overview

National Conference on Weights and Measures (NCWM), Inc. is a standards development organization for weights and measures regulatory agencies of the states, counties, and cities of the United States, as well as for federal agency use. The Annual Meeting brings together government officials and representatives of business, industry, trade associations, and consumer organizations for the purpose of hearing and discussing subjects that relate to the field of weights and measures technology and administration.

The programs of NCWM and its committees explore the broad area of this economically important segment of governmental regulatory service. NCWM develops and recommends laws and regulations, technical codes for weighing and measuring devices used in commerce, test methods, enforcement procedures, and administrative guidelines for adoption by regulatory agencies in the interest of promoting uniformity of requirements and methods among state and local jurisdictions.

A major objective of NCWM is to foster understanding and cooperation among weights and measures officials and all industrial, business, and consumer interests. NCWM has been cited on numerous occasions for its outstanding success. The National Institute of Standards and Technology (NIST) have statutory responsibility for "cooperation with the states in securing uniformity of weights and measures laws and methods of inspection." Opinions expressed in submitted documents are those of the authors and not necessarily those of NCWM. Contributors are solely responsible for the content and quality of their material.

"Valued Traditions & New Innovations - Confidence in Every Transaction"

Brett Gurney, Chairman Utah

Dear NCWM Members,

It is a great honor and pleasure to invite you to attend the 104th Annual Meeting of the National Conference on Weights and Measures. Our meeting will be held July 14-18, 2019 at the Hyatt Regency Milwaukee located at 333 W Kilbourn Avenue, Milwaukee, Wisconsin.

The theme this year is "Valued Traditions & New Innovations – Confidence in Every Transaction" and reflects the efforts NCWM is taking to ensure equity

prevails in the marketplace. A focus of Weights and Measures is to assure consumers get what they paid for and that businesses get paid fairly for the goods and services they sell. Integrity of measurement continues to be important as new technology is developed. We must be proactive and work together as we face new challenges.

The agenda for this year's meeting reflects the hard work and dedication of many of our stakeholders and partners. Important decisions will be made that impact United States and International consumers, retailers, wholesalers, manufacturers and regulatory programs.

Items that came out of our Interim Meeting were given a status and will be discussed. Take the opportunity to make an impact on important decisions that will be made. Listen, learn, speak, and build relationships that will help NCWM and your organization succeed. We will have an opportunity to vote on items at this meeting.

Enjoy networking opportunities at our special event at the Milwaukee Public Museum. Here you can experience the streets of old Milwaukee, a European Village, a Butterfly Garden, a 2-Story Costa Rican Rainforest, planetarium and more.

I want to thank each of you for your continued support for the NCWM, and I look forward to seeing you in Milwaukee.

Sincerely,

Brett Gurney NCWM Chairman

Brett Turney

Schedule of Events

(The schedule of events is tentative and subject to change.)

*Committee hearings will occur in the order presented below. Times of each hearing are not firm; when one committee finishes, the next committee will begin. Committee chairs reserve the right to group items and select their sequence for presentation on voting. There will be no break between committee reports; registrants should plan to attend an entire Voting Session to ensure their presence when items of interest are likely to be under consideration.

General Information

PURPOSE

NCWM meetings are held throughout the year to develop the national standards that are adopted by NCWM and published in *NIST Handbooks 44*, 130, and 133. At the Annual Meeting, committees will conduct Open Hearings where all attendees can offer comments to the committees on items printed in the Committee Interim Reports. Following Open Hearings, the committees will convene in work sessions to prepare addendum sheets that modify their reports. Items given voting status by the committees will be presented during the Voting Sessions on Wednesday and Thursday. Active members in attendance may vote on committee recommendations to amend the national standards.

SUPPORTING DOCUMENTS

Additional letters, presentations and data may have been part of the committee's consideration. Please refer to www.ncwm.net/meetings/annual/publication-16 to review these documents.

ITEMS GROUPED INTO BLOCKS

The Committee may group related items into blocks to be considered as a group. This provides for more efficient open hearings and voting sessions since each item within a block is not presented individually.

DESIGNATION OF ITEM STATUS

The Committee Interim Reports contain recommendations and information on items discussed at the 2019 NCWM Interim Meeting held January 13-16, 2019 in Charleston, South Carolina. These reports form the basis for conduct of the committee meetings. Each committee will address the items in its report during Open Hearings.

The status of each item contained in the Committee Interim Reports is designated as one of the following:

Voting Item: The item is designated with a "V" to indicate the committee is making recommendations requiring a vote by the active members of NCWM. The recommended language to be voted on is in **bold face type**.

Informational Item: The item is designated with an "**I**" to indicate the item is under consideration by the committee but not proposed for Voting.

Assigned Item: The item is designated with an "**A**" to indicate the item has merit; however, the item was assigned to a task group or subcommittee of for further development and the committee will wait for a recommendation from that group before taking any further action on the item.

Developing Item: The item is designated with a "**D**" to indicate an item has merit; however, the item was returned to the submitter or other designated party for further development before any action can be taken at the national level.

Withdrawn Item: The item is designated with a "**W**" to indicate the item has been removed from consideration by the committee.

Some Voting Items are considered individually; others may be grouped in a consent calendar. Consent calendar items are Voting Items that the committee has assembled as a single Voting Item during their deliberation after the Open Hearings on the assumption that the items are without opposition and will not require discussion. The Voting Items that have been grouped into consent calendar items will be listed on the addendum sheets which are published during the week. Prior to adoption of the consent calendar, the committee will entertain any requests from the floor to remove specific items from the consent calendar to be discussed and voted upon individually.

Committees may change the status designation of agenda items (Developing, Informational, Voting, and Withdrawn) up until the report is adopted, except that items which are marked Developing, Informational or Withdrawn cannot be changed to Voting Status. Any change from the Committee Interim Report (as contained in this publication) or from what appears on the addendum sheets will be explained to the attendees prior to a motion and will be acted upon by the active members of NCWM prior to calling for the vote.

ADDENDUM SHEETS

Modifications to the Committee Interim Reports will be documented in the form of addendum sheets prepared by the committees following the Open Hearings. The addendum sheets will be made available to attendees no later than 8:00 p.m. on Tuesday, July 16, 2019, in the Atrium of the Hyatt Regency Milwaukee Hotel. Committee Interim Reports may be further modified as a result of actions taken by the committee or membership during the Voting Sessions on July 17-18, 2019.

VOTING SYSTEM

All registered attendees may speak to the issues on the floor, both business and technical items. However, the adoption of final reports of committees on technical issues, as well as other technical issues, is to be decided by a formal vote of the active members in accordance with the following voting structures and procedures. Please see NCWM Bylaws at www.ncwm.net/about/bylaws for a complete description of the voting system.

House of State Representatives:

This body is comprised of one active member from each state who is officially designated as its representative and is present and registered at the Annual Meeting. They shall vote on:

- all business issues relating to NCWM, Inc.
- technical questions before the Corporation, including reports and recommendations of all Standing Committees
- technical issues relating to weights and measures; technical handbooks; and legal metrology.

Members of this house are identified by a maroon name tag ribbon with the word "Representative."

House of Delegates:

This body is comprised of all other active members who are registered and present at the Annual Meeting and those not seated in the House of State Representatives. They shall vote on:

- all business issues relating to NCWM, Inc.
- technical questions before the Corporation, including reports and recommendations of all Standing Committees
- technical issues relating to weights and measures; technical handbooks; and legal metrology.

Members of this house are identified by a blue name tag ribbon with the word "Delegate."

House of General Membership:

This body is comprised of associate and advisory members who are present and registered at the Annual Meeting. They shall vote on all business issues relating to NCWM, Inc.

WRITTEN COMMENTS OR ORAL STATEMENTS

Any person or organization wanting to provide a formal presentation during a committee session should make the request in writing to the Executive Director. Reasonable limitations on time allotted for presentations will be imposed. The process to request permission to give a presentation is available at:

www.ncwm.net/meetings/annual/meeting-process. Note: Only registered attendees may make presentations.

National Conference on Weights and Measures Attn: Don Onwiler, Executive Director 1135 M Street, Suite 110 Lincoln, NE 68508 (402) 434-4880, don.onwiler@ncwm.net

PARTICIPATION

All sessions are open to registered attendees of the conference. If a committee must discuss any issue that involves proprietary information or other confidential material; that portion of the session dealing with the special issue may be closed if:

- 1. the NCWM Chairman or, in his absence, the Chairman-Elect approves;
- 2. the Executive Director is notified; and
- 3. an announcement of the closed meeting is posted on or near the door to the meeting session and at the registration desk.

If possible, the posting will be done at least a day prior to the planned closed session. Please note that a one-day notice will not be possible if a closed meeting is called on Sunday. Since participants may make their travel reservations to attend technical meetings scheduled for Sunday, every effort will be made to limit any required closed meetings to only part of Sunday.

REPORTS

There will not be a transcript made of the proceedings of the Annual Meeting. Each committee will prepare its annual report containing its recommendations based upon the presentations, discussions, and deliberations on all matters in its interim report that were addressed during the Annual Meeting. These reports will be published in the *Report of the 104th Annual Meeting of the National Conference on Weights and Measures*, to be posted to NCWM website at www.ncwm.net. Electronic copies of the *Report of the 104th Annual Meeting of the National Conference on Weights and Measures* will be distributed to all members of NCWM. Other interested parties may request a copy of the publication from the Executive Secretary.

National Institute of Standards and Technology Attn: Dr. Douglas Olson, Chief 100 Bureau Drive Gaithersburg, MD 20899-2600 (301) 975-2956, douglas.olson@nist.gov

INTERIM MEETING

The NCWM Interim Meeting will be held at: The Mission Inn Hotel & Spa in Riverside California / January 21-24, 2020

UNITS OF MEASUREMENT

In keeping with the provisions of the Omnibus Trade and Competitiveness Act of 1988, which establishes the metric system as the preferred system of measurement for commerce and trade, units of the metric system have been used in this document, except where industry has not yet converted from the inch-pound system. In some instances, submitted proposals quoted in the committee agendas may appear in inch-pound units only.
