WEIGHTS AND MEASURES

National Council on Weights and Measures Overview

National Council on Weights and Measures (NCWM), Inc. is a standards development organization for weights and measures regulatory agencies of the states, counties, and cities of the United States, as well as for federal agency use. The Annual Meeting brings together government officials and representatives of business, industry, trade associations, and consumer organizations to hear and discuss subjects related to the field of weights and measures technology and administration.

The programs of NCWM and its committees explore the broad area of this economically important segment of governmental regulatory service. NCWM develops and recommends laws and regulations, technical codes for weighing and measuring devices used in commerce, test methods, enforcement procedures, and administrative guidelines for adoption by regulatory agencies in the interest of promoting uniformity of requirements and methods among state and local jurisdictions.

A major objective of NCWM is to foster understanding and cooperation among weights and measures officials and all industrial, business, and consumer interests. NCWM has been cited on numerous occasions for its outstanding success.

The National Institute of Standards and Technology (NIST) has statutory responsibility for "cooperation with the states in securing uniformity of weights and measures laws and methods of inspection."

Opinions expressed in submitted documents are those of the authors and not necessarily those of NCWM. Contributors are solely responsible for the content and quality of their material.

Kevin Schnepf, NCWM Chair
California

Welcome members and guests to the 111th Annual Meeting of the National Council on Weights and Measures in historic Philadelphia, Pennsylvania. Many of you may recall that Philadelphia was also the site for NCWM's 100th Annual Meeting. I cannot think of a more fitting venue to tackle the serious work of NCWM during our nation's semi-quintecennial, celebrating the 250th anniversary of the United States Declaration of Independence.

I hope that you can take some time to visit and learn more about Philadelphia, a city over 340 years old. Well-known as the birthplace of the Declaration of Independence, home to the Liberty Bell, Independence Hall, the nationally known Philly cheesesteak, and their lively Major League baseball mascot—the Philly Phanatic. Philadelphia offers so much more, so take some time to learn something else about this iconic city.

Our agenda kicks off on Sunday morning with meetings of the various subcommittees and task groups. Please attend as many of these meetings as possible to get current information on projects, agenda items, and responsibilities assigned to each task group or subcommittee. The work of our members through the subcommittees and task groups is vital to the success of NCWM and greatly supports the standing committees and the Board of Directors, to whom they report. Sunday evening is a time for networking and preparing for the days ahead. Please join me at the Chair's Reception for some good food and libations to get our work week off to a great start.

Monday and Tuesday of this week, the NCWM standing committees will hold open hearings to receive editorial suggestions, statements of support or opposition, and recommendations for the final status of items on their respective agendas. Regulators, industry representatives, technical advisors, and all registered attendees are encouraged to make their positions and recommendations known on each agenda item that is important to them. The open hearings provide a forum for discussion and debate, where disagreement is listened to with the intent of always understanding and compromising where practical.

Tuesday afternoon following open hearings, NCWM will have the awards celebration. There are several members being recognized for their dedication and service to NCWM, and you may be one of them. Please join us as we recognize these members and applaud their achievements.

The committees will then adjourn for their work sessions to deliberate on the status of items and determine which items will be voted on during our voting sessions. Remember that some agenda items that were assigned voting status at January's Interim Meeting may be downgraded prior to Wednesday's voting session based on comments and recommendations heard during open hearings, but no item can be elevated to voting status that was not assigned that status at the Interim.

During the voting session, the adoption or rejection of agenda items will determine what appears in the 2027 version of Handbooks 44, 130, and 133. Some items may pass or fail by a thin margin, so every vote counts. Voting members, please make sure to attend the entirety of the voting sessions and cast your official vote for each item as it is presented.

Thursday marks the last day of the 2026 NCWM Annual Meeting and will include a carryover of the voting session, if not completed on Wednesday, as well as our annual business meeting welcoming Jason Flint of New Jersey as he steps into his role as incoming NCWM Chair.

I look forward to the meetings, discussions, and deliberations that will guide each of our standing committees and inform our voting decisions. While we face the challenges ahead, I want to remind you that no challenge is insurmountable when faced with commitment, integrity, consistency of effort, and a steadfast commitment to high ethical standards. Our commitment to preserving and protecting equity in the marketplace by "measuring what matters" will help us successfully face our challenges.

Sincerely,

A handwritten signature in dark ink, reading "Kevin Schnepf". The signature is fluid and cursive, with a stylized "K" and "S".

General Information

PURPOSE

NCWM meetings are held throughout the year to develop the national standards that are adopted by NCWM and published in *Handbooks 44, 130, and 133*. At the Annual Meeting, Committees will conduct Open Hearings during which all attendees can offer comments on items printed in the Committee Interim Agendas. Following Open Hearings, the Committees will convene in work sessions to prepare addendum sheets that modify their reports. Items given voting status by the Committees will be presented during the Voting Sessions on Wednesday and Thursday. Active members in attendance may vote on Committee recommendations to amend the national standards.

SUPPORTING DOCUMENTS

Additional letters, presentations and data may have been part of the committee's consideration. Please refer to www.ncwm.com/publication-16 to review these documents.

ITEMS GROUPED INTO BLOCKS

The Committee may group related items into blocks for consideration as a group. This provides for more efficient open hearings and voting sessions since each item within a block is not presented individually.

DESIGNATION OF ITEM STATUS

The Committee Interim Reports contain recommendations and information on items discussed during the 2026 NCWM Interim Meeting held January 11 - 14, 2026 at Mobile, Alabama. These reports form the basis for the conduct of the committee meetings. Each Committee will address items in its report during Open Hearings.

The status of each item contained in the Committee Interim Reports is designated as one of the following:

Voting Item: The item is designated with a "V" to indicate the Committee is making recommendations requiring a vote by the active members of NCWM. The recommended language to be voted on is in **bold face type**.

Informational Item: The item is designated with an "I" to indicate the item is under consideration by the Committee but not proposed for Voting.

Assigned Item: The item is designated with an "A" to indicate the item has merit; however, the item was assigned to a task group or subcommittee for further development, and the Committee will wait for a recommendation from that group before taking any further action on the item.

Developing Item: The item is designated with a "D" to indicate that it has merit; however, the item was returned to the submitter or other designated party for further development before any action can be taken at the national level.

Withdrawn Item: The item is designated with a "W" to indicate the item has been removed from consideration by the Committee.

Some Voting Items are considered individually; others may be grouped in a consent calendar. Consent calendar items are Voting Items that the committee has assembled as a single Voting Item during their deliberation after the Open Hearings on the assumption that the items are without opposition and will not require discussion. The Voting Items that have been grouped into consent calendar items will be listed on the addendum sheets, which are published during the week. Prior to adopting the consent calendar, the committee will entertain any requests from the floor to remove specific items from the consent calendar for individual discussion and voting.

Committees may change the status designation of agenda items (Developing, Informational, Voting, and Withdrawn) up until the report is adopted, except that items which are marked Developing, Informational or Withdrawn cannot be changed to Voting Status. Any change from the Committee Interim Report (as contained in this publication) or from what appears on the addendum sheets will be explained to the attendees prior to a motion and will be acted upon by the active members of NCWM prior to calling for the vote.

ADDENDUM SHEETS

Modifications to the Committee Interim Reports will be documented in addendum sheets prepared by the committees following the Open Hearings. The addendum sheets will be made available to attendees no later than 8:00 p.m. on Tuesday, July 28th, 2026, in the registration area. Committee Interim Reports may be further modified as a result of actions taken by the Committee or membership during the Voting Session on Wednesday, July 29th, 2026.

VOTING SYSTEM

All registered attendees may speak to the issues on the "floor", both business and technical items. However, the adoption of final reports of Committees on technical issues, as well as other technical issues, is to be decided by a formal vote of the active members in accordance with the following voting structures and procedures. Please see NCWM Bylaws at www.ncwm.com/policy-bylaws for a complete description of the voting system.

House of State Representatives:

This body comprises one active member from each state, officially designated as its representative and registered for the Annual Meeting. They will vote on:

- all business items relating to NCWM, Inc.
- technical questions before the Corporation, including reports and recommendations of all Standing Committees.
- technical items relating to weights and measures; technical handbooks; and legal metrology.

Members of this house are identified by a maroon name tag ribbon with the word "Representative."

House of Delegates:

This body comprises all other Active members registered for the Annual Meeting and those not "seated" in the House of State Representatives. They will vote on:

- all business items relating to NCWM, Inc.
- technical questions before the Corporation, including reports and recommendations of all Standing Committees.
- technical items relating to weights and measures; technical handbooks; and legal metrology.

Members of this house are identified by a blue name tag ribbon with the word "Delegate."

House of General Membership:

This body comprises associate and advisory members registered for the Annual Meeting. They shall vote on all business items relating to NCWM, Inc.

WRITTEN COMMENTS OR ORAL STATEMENTS

Any person or organization wishing to provide a formal presentation during a committee session should submit a written request to the Executive Director. Reasonable time limitations for presentations will be imposed. *Note: Only registered attendees may make presentations.*

PARTICIPATION

All sessions are open to registered meeting attendees. If a committee must discuss any issue that involves proprietary information or other confidential material; that portion of the session dealing with the special issue may be closed if:

1. The NCWM Chairman or, in his absence, the Chairman-Elect approves,
2. The Executive Director is notified, and
3. An announcement of the closed meeting is posted on or near the door to the meeting session and at the registration desk.

If possible, the posting will be made at least a day before the planned closed session. Please note that a one-day notice will not be possible if a closed meeting is called on Sunday. Since participants may make their travel reservations to attend technical meetings scheduled for Sunday, every effort will be made to limit any required closed meetings to only part of Sunday.

REPORTS

There will not be a transcript made of the proceedings of the Annual Meeting. Each committee will prepare its annual report, containing recommendations based on the presentations, discussions, and deliberations on all matters in its interim report that were addressed during the Annual Meeting. These reports will be published in the *Report of the 111th Annual Meeting of the National Council on Weights and Measures*, to be posted online at www.ncwm.com. Electronic copies of the *Report of the 111th Annual Meeting of the National Council on Weights and Measures* will be distributed to all members of NCWM. Other interested parties may request a copy of the publication from the Executive Director.

INTERIM MEETING

The 2027 NCWM Interim Meeting will be held:

Redondo Beach, California / January 24th – 27th, 2027

UNITS OF MEASUREMENT

In keeping with the provisions of the Omnibus Trade and Competitiveness Act of 1988, which establishes the metric system as the preferred system of measurement for commerce and trade, units of the metric system have been used in this document, except where industry has not yet converted from the inch-pound system. In some instances, submitted proposals quoted in the Committee agendas may appear only in inch-pound units.
