

## **Net Weight Allowance Only**

### Pros

Simplicity  
Familiarity  
Current Equipment  
Consumer Fairness

### Cons

Continued Depressed Tax Revenue  
Exposed to Diversion  
Reduced Cannabis Quality

## **ASTM Standard on Water Activity .55-.65 (D8197-18)**

### Pros

Small Margin for Wt Variance  
Quality Assurance  
Major Diversion Incentive Eliminated  
Product Purchased Will Mirror Lab Tests  
Maximize Revenue for Operators  
Maximize Tax Revenue

### Cons

New Equipment?  
New Training?  
Retailers Could Still Sell "Light"

## **Net Weight + Water Activity**

### Pros

Near Total Diversion Incentive Eliminated  
Consumer Protection on Weight and Quality  
Product Purchased Will Mirror Lab Tests  
Maximize Revenue for Operators  
Maximize Tax Revenue

### Cons

Training and Equipment?

## **Analogs to Known W&M Oversight**

Corn - Value (and oversight?) is based on weight and Moisture Content
