Subject: milk meter tolerance

Mr. Onwiler,
Executive Director
National Conference on Weights and Measures
1135 M Street, Suite 110
Lincoln, Nebraska 68508

First, I hope your new year 2020 is off to a good start!

It has been brought to my attention that you will be meeting soon to discuss allowable variances with milk meters. In regard to tanker mounted milk meters, Dean Foods is opposed to increasing allowable tolerances between buyer and seller.

Sincerely

Brent Bunce
