**COMMITTEE AGENDAS  
FOR THE  
2026 INTERIM MEETING**

**Mobile, Alabama / January 11-14, 2026**

*Prepared in Cooperation with the National Council on Weights and Measures, National Type Evaluation Program, National Institute of Standards and Technology Office of Weights and Measures, Central Weights and Measures Association, Northeastern Weights and Measures Association, Southern Weights and Measures Association and Western Weights and Measures Association.*

## **National Council on Weights and Measures Overview**

National Council on Weights and Measures (NCWM), Inc. is a standards development organization for weights and measures regulatory agencies of the states, counties, and cities of the United States, as well as for federal agency use. The Annual Meeting brings together government officials and representatives of business, industry, trade associations, and consumer organizations for the purpose of hearing and discussing subjects that relate to the field of weights and measures technology and administration.

The programs of NCWM and its committees explore the broad area of this economically important segment of governmental regulatory service. NCWM develops and recommends laws and regulations, technical codes for weighing and measuring devices used in commerce, test methods, enforcement procedures, and administrative guidelines for adoption by regulatory agencies in the interest of promoting uniformity of requirements and methods among state and local jurisdictions.

A major objective of NCWM is to foster understanding and cooperation among weights and measures officials and all industrial, business, and consumer interests. NCWM has been cited on numerous occasions for its outstanding success. The National Institute of Standards and Technology (NIST) have statutory responsibility for “cooperation with the states in securing uniformity of weights and measures laws and methods of inspection.” Opinions expressed in submitted documents are those of the authors and not necessarily those of NCWM. Contributors are solely responsible for the content and quality of their material.

Kevin Schnepf, NCWM Chairman  
California

Dear NCWM Colleagues,

Welcome to Mobile, Alabama as we convene the National Council on Weights and Measures 2026 Interim Meeting January 11-13. Mobile is known for its historic architecture and as the birthplace of America's first Mardi Gras celebration. As one of the oldest cities on the Gulf Coast, Mobile has plenty of stories to tell. Mobile has the unique historical distinction as a city that has flown under five (5) different flags: French, English, Spanish, Confederate and American. Take some time to visit Conde-Charlotte Museum, Colonial Fort Conde, and USS ALABAMA Battleship Memorial Park to learn more about Mobile's rich history.

During this week we collectively work to develop the model laws and standards published in the National Institute of Standards and Technology (NIST) Handbook 44 *Specifications and Tolerances and Other Technical Requirements for Weighing and Measuring Devices*, NIST Handbook 130 *Uniform Laws and Regulations in the areas of legal metrology and fuel quality*, and NIST Handbook 133 *Checking the Net Contents of Packaged Goods*. By the time we meet, the four regional associations will have met and provided valuable input on the items on our agenda. Each region's input is vital to the standards development process and ensures that the model laws published in the NIST Handbooks can be adopted in each jurisdiction to promote national uniformity in weights and measures jurisdiction thereby supporting our mutual goal of equity in the marketplace.

This week the NCWM standing committees will hold open hearings to hear comments, editorial suggestions, and status recommendations for the items on their respective agendas. Regulators, industry representatives, technical advisors from NIST, and any registered attendee are encouraged to make their positions and recommendations known for each agenda item important to them. The open hearings provide a forum for discussion and debate where disagreement is listened to with the intent to always understand and compromise where practical. In this fashion our meeting format can serve as model for how we, as a nation, can better communicate, collaborate, and improve while accepting different opinions rather than seeking to silence dissent.

I look forward to the meetings, discussions, and deliberations that will guide each of our standing committees and the Board on how to continue the evolution and improvement of the codes and standards published in Handbooks 44, 130, and 133 as well as enhance the recognition and standing of our organization, the National Council on Weights and Measures. I urge you to read and review Publication 15, all position letters, and any supporting data available on the NCWM website in advance of the meeting. We measure what matters so that equity may prevail. If there is anything the Board or the NCWM team can assist with in making the event more valuable or enjoyable, please do not hesitate to ask.

Sincerely,

A handwritten signature in black ink that reads "Kevin Schnepf". The signature is written in a cursive, flowing style.

Kevin Schnepf, Chair

## General Information

### PURPOSE

NCWM meetings are held throughout the year to develop the national standards that are adopted by NCWM and published in *Handbooks 44, 130, and 133*. At the NCWM Interim Meeting, Committees will conduct Open Hearings where all attendees have a direct impact on the national standards through their testimony. Following Open Hearings, the Committees will convene in work sessions to consider testimony and all other information at their disposal to further develop agenda items and determine the status of each for the Annual Meeting in July. Committees will report these decisions at the Joint Committee Meeting on Wednesday. Items given voting status by the Committees will be presented at the NCWM Annual Meeting in July.

### SUPPORTING DOCUMENTS

Additional letters, presentations and data may have been part of the Committee's consideration. Please refer to [www.ncwm.com/publication-15](http://www.ncwm.com/publication-15) to review these documents.

### ITEMS GROUPED INTO BLOCKS

The Committee may group related items into blocks to be considered as a group. This provides for more efficient open hearings and voting sessions since each item within a block is not presented individually.

### FIRST TIME ATTENDEES

All attendees who are participating for the first time are encouraged to ask NCWM staff, Chairman, Board members and/or Committee members questions.

### AGENDA

The subject matter listed on each Standing Committee's agenda will be open for discussion as noted. The Committee may also take up routine or miscellaneous items brought to its attention after the preparation of this document. The Committee may decide to accept items for discussion that are not listed in this document, providing they meet the criteria for exceptions as presented in *NCWM Policy 3.2.2. Procedures to Modify Handbooks, Part E, Exceptions to Policy for Submission of Items to the NCWM Committee Agenda; Submission of Priority Items*. The Committees have not determined whether the items presented will be Voting or Informational, Developing or Withdrawn in status for the Annual Meeting in July; these determinations will be made in their deliberations at the Interim Meeting.

The agendas:

- Shall include items brought to the attention of the Standing Committees prior to the submission deadline of August 15, 2025, and approved for inclusion in their agendas by the Committees; and
- Shall serve as the basis for the Standing Committee Interim Reports; to be printed in the program and Committee reports of *NCWM Publication 16, Committee Reports for the 111<sup>th</sup> Annual Meeting* to be held

## General Information

July 26<sup>th</sup>-30<sup>th</sup>, 2026 at the Philadelphia Marriott Old City in Philadelphia, PA. The final reports of the Committees will be published following the 111<sup>th</sup> NCWM Annual Meeting in the *Annual Report of the 111<sup>th</sup> National Council on Weights and Measures*.

## WRITTEN COMMENTS OR ORAL STATEMENTS

Any person or organization wanting to provide a formal presentation during a committee session should make the request in writing to the Executive Director. Reasonable limitations on time allotted for presentations will be imposed. *Note: Only registered attendees may make presentations.*

## JOINT MEETINGS FOR ALL COMMITTEES

A Joint Meeting for all Committees will be held:

- Sunday, January 11, 2026

## PARTICIPATION

All sessions are open to registered attendees of the meeting. If a Committee must discuss any issue that involves proprietary information or other confidential material; that portion of the session dealing with the special issue may be closed provided that:

- NCWM Chairman or, in their absence, the Chairman-Elect approves;
- the Executive Director is notified, and
- an announcement of the closed meeting is posted on or near the door to the meeting session and at the registration desk.

If possible, the posting will be done at least a day prior to the planned closed session. Please note that a one-day notice will not be possible if a closed meeting is called on Sunday. Since participants may make their travel reservations in order to attend technical meetings scheduled for Sunday, every effort will be made to limit any required closed meetings to only part of Sunday.

## REPORTS

There will not be a transcript made of the proceedings of NCWM Interim Meetings. Each Committee will prepare its report containing its recommendations based upon the presentations, discussions, and deliberations on all matters on its agenda that were addressed during the Interim Meeting. These reports will be published in *NCWM Publication 16, Committee Reports for the 111<sup>th</sup> Annual Meeting*, to be posted online at [www.ncwm.com](http://www.ncwm.com) in early April. Printed copies of *NCWM Publication 16* will be distributed to meeting attendees at the NCWM Annual Meeting in July.

## **ANNUAL MEETING**

The 111<sup>th</sup> NCWM Annual Meeting will be held at:  
Philadelphia Marriott Old City | July 26<sup>th</sup>-30<sup>th</sup>, 2026

## **UNITS OF MEASUREMENT**

In keeping with the provisions of the Omnibus Trade and Competitiveness Act of 1988, which establishes the metric system as the preferred system of measurement for commerce and trade, units of the metric system have been used in this document, except where industry has not yet converted from the inch-pound system. In some instances, submitted proposals quoted in the Committee agendas may appear in inch-pound units only.
